SEWERS ARE BEING RUINED

So States One Member of the City Council.

PLUMBERS TO BLAME

Sewer and Building Inspector Needed.

Miscellaneous Tapping of Sewers Responsible for the Damage to the System.

The need of a sewer and building inspector for Marion is daily becoming more urgent, and members of the council have begun to seriously consider the advisability of appointing such an official. The matter was taken up at a recent informal session of the body and the majority of council seemed to be in favor of creating the new office.

"Marion's sewer system is being ruined by the plumbers of the city," declared a certain member of the council during the progress of this discussion. "Whenever they make a tap, they open up the first sewer they strike, whether it be sanitary or storm water. A man should be appointed to see that the work is done properly."

Marion is now enjoying a building boom which promises to continue indefinitely, and it is practically impossible, it is stated, for the members of the police force to watch all of the new structures being put up. The officers have been instructed to report all new buildings so that it may be ascertained whether the builders are complying with the ordinance requiring the issuance of building permits. It is impossible to establish any sort of a system in this way, however, and the members of the council think a special officer would meet all requirements.

The one officer could act both as building and sewer inspector, and his duties, the council thinks would be of sufficient importance to warrant the payment of a comfortable competence.

It is likely that action on the appointment of an inspector will be taken soon.

New York's "Picture Lane." Fifth avenue, New York, is sometimes spoken of in art circles as "picture lane," because of the numerous dealers' galleries there or in the side streets just off the avenue. Art, however, is not limited to any one of the city's thoroughfares. Fourth avenue has its share of galleries, and they also are to be found west of Fifth avenue and uptown.

Blood-Cleansing Spring Tonic

Doctors Strongly Advise That a Tonic be Taken This Month to Enrich the Blood and Bring Fresh Vigor and Life to the Entire Body.

Now when the gentle Spring days are here and the seasonable Spring showers are revivifying all nature, and all plant life is starting to bud forth in glory, many a man and woman does not feel the joyousness which should be theirs at this season. Rather they feel languid, tired, have very little or no appetite, ambition is gone, lack energy, enjoy neither work nor rest. Life in their case at least is largely barren, a thing to be endured, not to be enjoyed. All this simply means that the system needs toning up, and each and every function of the body needs stimulating and strengthening. This once accomplished, life again becomes a joy and pleasure.

If your system is in need of a blood-cleansing tonic that will start the whole machinery of the human frame running smoothly and naturally, it is your evident duty to seek out and find some tried, approved and safe remedy that will do the work of cleansing the blood and building up the tissue without at the same time leaving any injurious effects.

Thousands of physicians prescribe and endorse Duffy's Pure Malt Whiskey as an ideal Spring medicine, one that does its work effectively in purifying the blood, in strengthening the heart action, in aiding digestion and in adding fresh vigor and life to the entire body. Large numbers of those who have used Duffy's are most loud in its praise.

Duffy's Pure Malt Whiskey is distilled wholly from malted grain by a most expensive method which has never been made public and this private process insures quality and flavor. Its age, softness, palatability and freedom from those injurious substances found in other whiskeys make it acceptable to the most sensitive stomach. It is the only whiskey recognized as a medicine.

It acts as an antitoxin on the system, and destroys and drives out all disease germs. It invigorates the brain, creates new tissue and keeps the entire system elastic and youthful; thus, health is enjoyed and life is prolonged.

Duffy's is the only absolute preventative and cure of pneumonia, consumption, grip, bronchitis, asthma, stomach and nervous diseases, malaria and low fevers.

Relief From Rheumatic Pains

Among the troubles that beset mankind rheumatism is one of the most aggravating. "I suffered with it for over two years," says Mr. Roland Curry, a patrolman of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it, my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it, and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by all druggists.

NOTE THE TRADE-MARK!

Do you know what it means? Do you know that it stands for perfection in men's clothes making?

The Clothcraft Trade-Mark is a guarantee of excellence. It is put on every Clothcraft garment to insure you that the materials are all wool, thoroughly shrunken and the tailoring is what you have a right to expect.

An experience of half a century is behind the excellence of Clothcraft. The most expert cutters, tailors and work people produce Clothcraft Clothes—and they do their work—not in great shops—but in clean, sanitary work-rooms.
